# Strengthening meaningful PF engagement through virtual format

Pre-meeting preparation, inclusive participation and facilitating collaboration and idea exchange

## Preparation and wide-engagement in PF run-up

- **Pre-meetings for Communities and Civil Society** PF participants, as well as wider Constituencies and partners to be **held well in advance** (e.g. mid-Jan) rather than the day before the PF to allow participants to **fully prepare**, and strategize with their constituencies before the PF
- Background **evidence packs on topics** for PF discussion to be **provided in advance** (in relevant languages) to assist with preparations
- **Global Opening and Closing Sessions** - Brings all regions together to build momentum, common discussion and concurrence around recommendations for Strategy development

## Ensuring meaningful and inclusive participation

- An **inclusive virtual platform** (with possibility to connect via phone)
- **Live interpretation**
- **IT support** and trainings to participants
- **Support for connectivity** (funds to support internet or phone access)
- **Safe space environment** (platform security, clarity on recording, meeting design and facilitation, clear rules of engagement)
- **Early availability and translation** of pre-read materials
- **Effective facilitation** (supported by rapporteurs, knowledgeable in global and regional health and development matters, experience with virtual facilitation)

## Facilitating increased collaboration and idea exchange through innovative tools

- A 'Q&A space' where participants can park questions
- Strategic spaces for participants to come together:
  - **Topic booths:** Virtual booths on strategy development topics hosted by topic rapporteurs
    - Participants can 'visit' the booth to exchange with others on topics and obtain relevant materials
    - Secretariat can be present at the booths to be called upon as a resource on specific topics
    - Outcomes of each breakout session are shared in the booths for participants to view
- **Book a room:** Participants can invite others for a bilateral meeting

# Key Questions on illustrative PF Approach

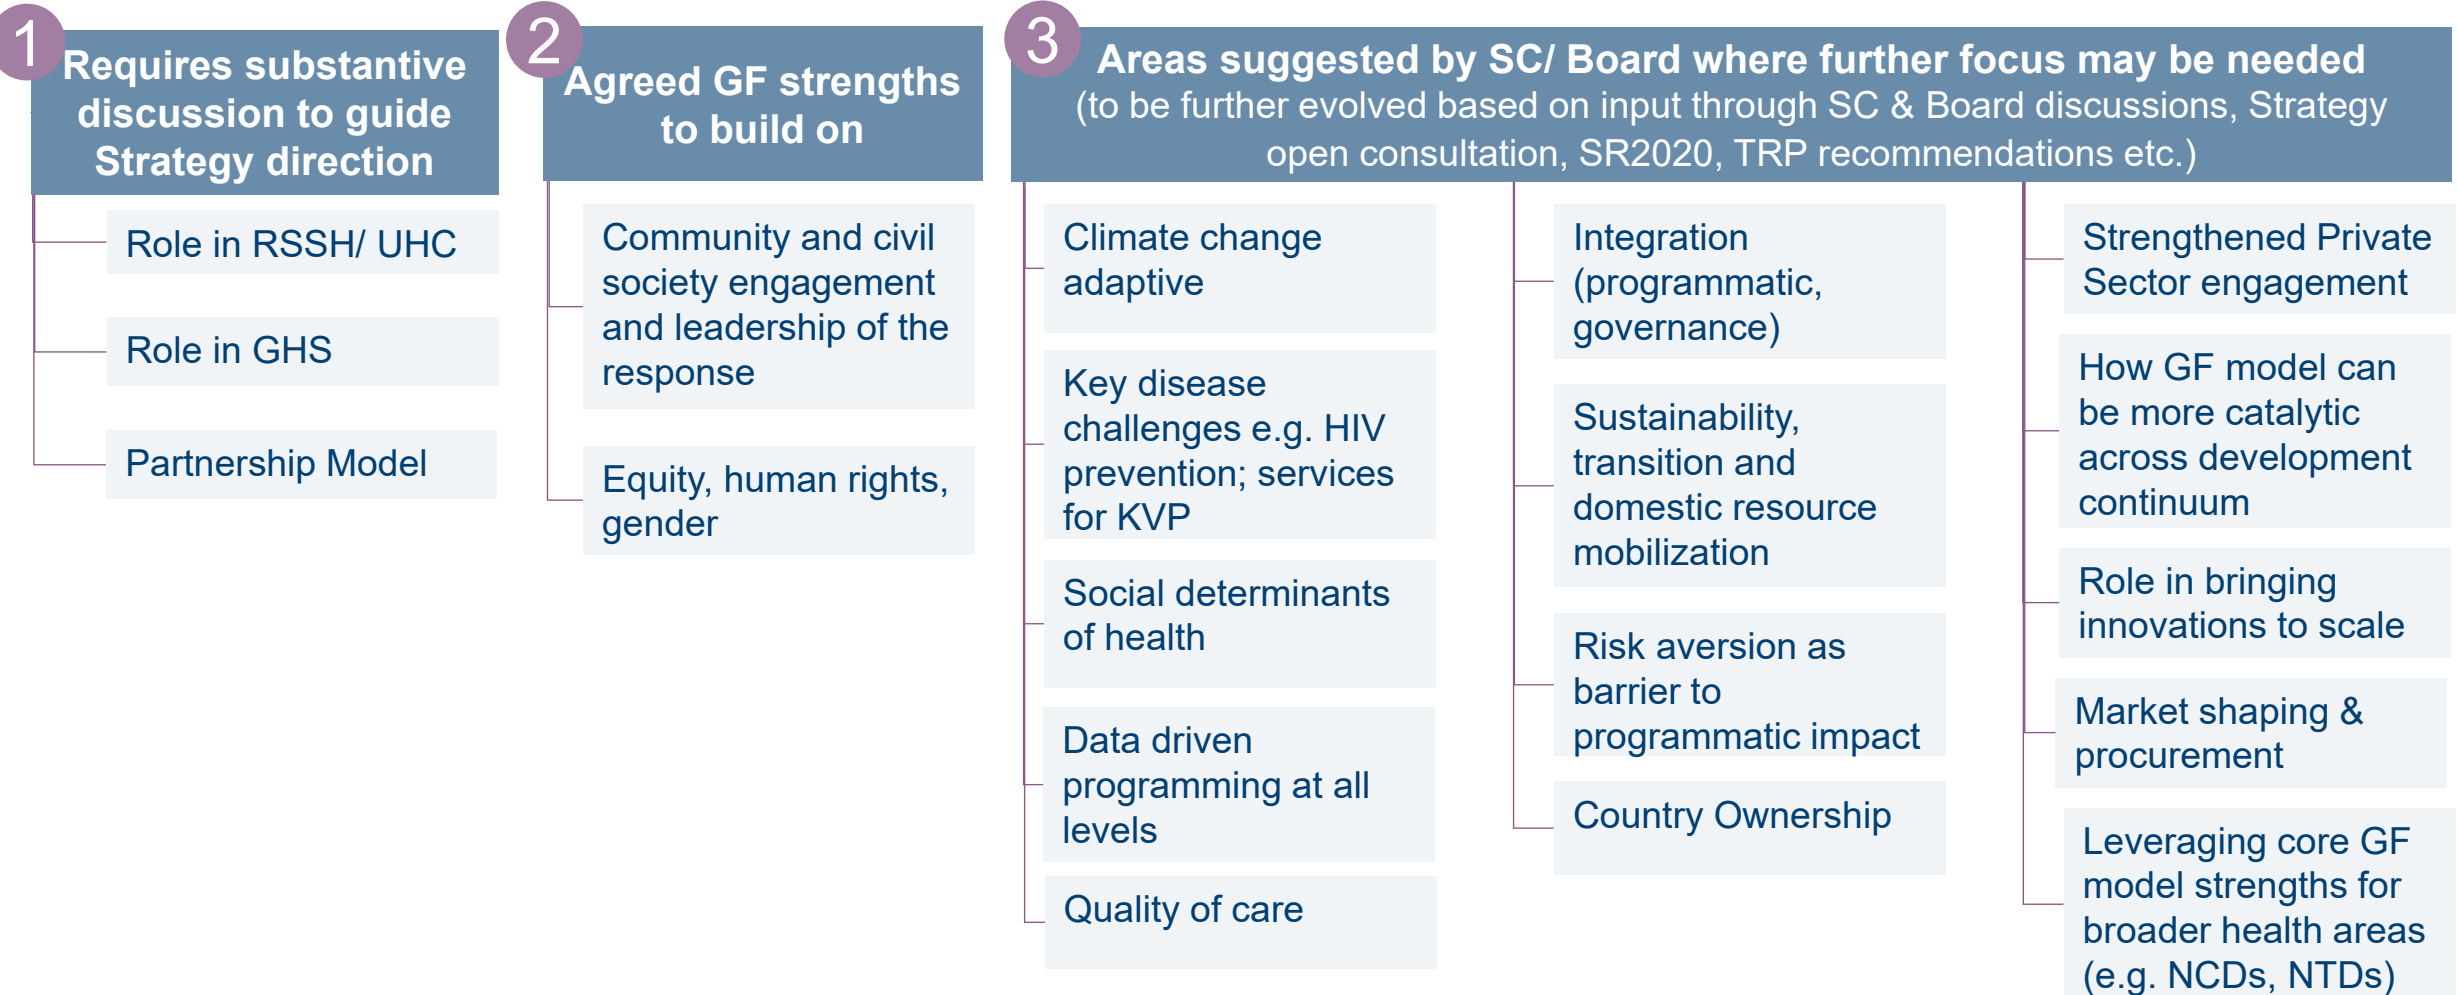

- Based on experiences and lessons from past PFs, will the illustrated approach for structuring the PF sessions be effective in bringing together the wide range of partnership voices around the table to determine the future aims of the GF Strategy and key areas of focus needed to achieve these aims?
  - Are there other approaches that could be considered?
- What other ideas and best practices could be considered for supporting engagement, meaningful participation and leveraging innovative technological approaches to support momentum around Strategy development?
